# Charme and business

*Services of excellence for your meeting in an extraordinary itinerary, in the heart of Apulia: art, nature and food*

Just a few kilometres from Bari airport, in the land of the imposing castles built by Frederick II and the impressive Romanesque cathedrals of the Apulia, the elegant and evocative complex of Corte Bracco dei Germani is unique in offering different charming environments and gardens for hosting events, meetings, conferences, wedding receptions, art exhibition, concerts and fashion shows.

Corte Bracco dei Germani consists of two separate but communicating venues: the ancient Monastery, fruit of the renovation of an 18th century convent surrounded by a lush Mediterranean garden, and the Resort, the embodiment of a new modern concept of open space, where atmosphere and design combine in a spectacular garden of palm trees and water features. The Monastery and the Resort may be combined for large events and can host up to 1,000 guests.

There are large parking areas and six halls of different sizes that can be laid out to suit specific requirements and accommodate from 20 to 600 guests. These are all equipped with the latest technologies, which can be adapted to meet the communication requirements of guests during the event.
